OFFICE OF THE CHIEF INSPECTOR OF MINES AND EXPLOSIVES IN MYSORE.

Notification dated Oorgaum 14th March 1946.

Under Rule 3 of the Mysore Explosives Rules, 1943, the following explosives are at present authorised for importation into the Mysore State for general sale.

List of Authorised Explosives.

CLASS—1.—GUNPOWDER.

The term "gunpowder" means gunpowder ordinarily so called.

Gunpowder.

CLASS 2.—NITRATE MIXTURE.

The term "nitrate mixture" means any preparation, other than gunpowder ordinarily so called formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance, and includes any explosive containing a perchlorate and not being a chlorate-mixture, ulminate or nitro-compound as defined in Rule 4 of the Mysore Explosives Rules, 1917.

Every blasting explosive in this class, in which nitrate of ammonium, nitrate of sodium or cholride of sodium are used as ingredients, shall be contained in cartridge wrappers or cases (or in five pound inner packages) made thoroughly water-proof with melted paraffin or other suitable water proofing material.

Bobbinite.

CARDOX COMPOSITION.

CLASS 3.—NITRO-COMPOUND.

The term "nitro-compound" means any chemical compound possessed of explosive properties or capable of combining with metals to form an explosive compound, which is produced by the chemical action of nitric acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compound is mechanically mixed with other substances or not.

The nitro-compound class has two divisions.

Every blasting explosive in this class, in which nitrate of ammonium, nitrate of sodium or chloride of sodium or nitroglycol are used as ingredients, shall be contained in cartridge wrappers or cases (or in five-pound inner packages) made thoroughly water-proof with melted paraffin or other suitable water-proof material.

Blasting Explosives in this class marked "S" may be sheathed on the outside of the cartridge but not at the ends with an approved sheathing material. The outer wrapper of any sheathed cartridge shall be sufficiently strong to prevent the escape of any of the sheathing material when the cartridge is submitted to the Jolting Test. If fireproofing material is used for the outer wrapper it must not inter-act in any way with the sheathing material. Provided that when bicarbonate of soda is used as a sheathing material the cartridge shall be thoroughly water-proofed with paraffin wax or a mixture of ceresine and resin.

DIVISION 1.

Division 1 comprises the following explosives and any chemical compound or mechanically mixed preparation which consists either wholly or partly of nitro-glycerine or of some other liquid nitro-compound :—

A. 1. Rounkol "S"
A. 2 Monobel "S"
Ajax
Ammon Gelatine Dynamite
Amon Gelignite ... Differing from the corresponding Polar Ammon Gelignite only in containing nitrated Glycerine unmixed with Poly-Glycerine or Ethlene Glycol.
Ammon Gelignite No. 2.
Ammon Gelignite No. 3.
Ardeer Gelignite
Ballistite
Nobel Cardite
Nobel's Explosive No. 678
N. S. Gelatine Dynamite
N. S. Gelignite
Nacota Powder
Blasting Gelatine
Chilworth Smokeless Powder No. 2
Cordite
Cordite, M. D.
Dynobel No. 2
Gelatine Dynamite
Gelignite
Geobel
Geobel No. 2.
Geobel No. 3
Improved Ballistite
L. G Gelatine
Monobel No. 1
Polar Ammon Gelatine Dynamite.
Polar Amon Gelignite
Polar Ammon Geligaite No. 2.
Polar Ammon Gelignite No. 3.
Polar Dynobel No. 2, "S"
Quarry Monobel
Rockite
Samsonita
Samsonite
Samsonite No. 3
Stonobel
Victor Power No. 2

Provided that every explosive in this division shall be of such character and consistency as not to be liable to liquefaction or exudation.

Provided also that an explosive which is required by definition to be issued in water-proof inner packages may be exempted from such requirements by special authority when and so long as the conditions of such authority are observed.

DIVISION 2.

Division 2 comprises the following explosives and any nitro-compound as before defined which is not comprised in Division I :—

Alumatol
Ammonal
Amberite No. 2
Baelenite
Cyclotrimethylene-Trinitramine, thoroughly purified.
Di-nitro-phenol, commercially pure
E. C. Sporting Powder
Empire Powder
Guncotton
Light Load Smokeless
Negro Powder No. 2
Noble Rim Neonite
Picric Acid
Picric Powder
Roburite No. 4
Schultze Gunpowder
Smokeless Diamond
Tonite or Cotton Powder No. 1
Do do No. 2
Tonite No. 3
Tri-nitro-toluol, commercially pure

CLASS 4.—CHLORATE MIXTURE.

The term "chlorate mixture" means any explosive containing a chlorate.

The chlorate mixture class has two divisions.

Every blasting explosive in this class, in which nitrate of ammonium nitrate of sodium or chloride of sodium are used as ingredients, shall be contained in cartridge wrappers or cases (or in five pound inner packages) made thoroughly water-proof with melted paraffin or other suitable water-proofing material.

DIVISION 1.

Division 1 comprises any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound.

Nil.

Provided that every explosive in this division shall be of such character and consistency as not to be liable to liquefaction or exudation of nitro-glycerine.

DIVISION 2.

Division 2 comprises any chlorate mixture as hereinbefore defined which is not comprised in Division 1.

Nil.

CLASS 5.—FULMINATE.

The term "fulminate" means any chemical compound or mechanical mixture, whether included in the foregoing classes or not, which from its great susceptibility to detonation, is suitable for employment in percussion caps or any other appliances for developing detonation or which from its extreme sensibility to explosion, and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes) is especially dangerous.

This class consists of two divisions.

DIVISION 1.

Division 1 comprises such compounds of the fulminates of silver and of mercury, and preparations of those substances such as are used in percussion caps, and any preparation consisting of a mixture of a chlorate with phosphorus or certain descriptions of compounds of phosphorus, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur, or with a sulphuret with or without carbonaceous matter.

Nil.

DIVISION 2.

Division 2 comprises such sustances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, the nitrate of diazobenzol, lead azide and tetrazene.

CLASS 6.—AMMUNITION.

The term "ammunition" means any explosive of any of the foregoing classes when the same is enclosed in any case or contrivance, or is otherwise adapted or prepared so as to form a cartrige or charge for small arms, cannon or any other weapon, or to form any safety or other fuse for blasting or for shells, or to form any tube for firing explosives or to form a percussion cap, detonator, fog-signal, shelltorpedo, war-rocket, or any other contrivance other than a firework.

The term "percussion cap" does not include a detonator.

The term "detonator" means a capsule or case which is of such strength and construction and contains an explosive of

the fulminate—class—in such quantity that the explosion of one capsule or case would communicate the explosion to other like capsules or cases.

The ammunition class has three divisions.

DIVISION 1.

Nobel's Safety Electric Fuses.

Percussion caps, each consisting of a capsule or case of metal containing an explosive of the 5th Fulminate Class, not more than 0·5 grain, the said explosive being covered and protected by a coating of tin-foil or other material approved by the Chief Inspector of Mines and Explosives in Mysore and the said capsule or case not containing an anvil: provided that where the proportion of fulminate of mercury in the composition does not exceed 25 per cent, the above limit may be increased to 0·6 of a grain. Provided also that the whole is of such strength and construction that the ignition of one such cap will not ignite other like caps.

Railway Fog-Signals, of such strength and construction and containing an explosive in such quantity that the explosion of one such signal will not communicate the explosion to other like signals.

Safety Cartridges, consisting of cartridges for small arms of which the cases can be extracted from the small arm after firing, and which are so closed as to prevent any explosion in one cartridge being communicated to other cartridges.

Safety Fuse, consisting of fuse for blasting which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction and contains an explosive in such quantity that the burning of such fuse will not communicate laterally with other like fuses.

DIVISION 2.

Division 2 comprises any ammunition as hereinbefore defined which does not contain its own means of ignition, and is not included in Division 1.

Cartridges for Small Arms other than Safety Cartridges.	Detonating Fuse.
Cordeau Bickford.	Electric Fuses.
Cordtex.	Electric Primers.

Fuse Igniters, each consisting of a case of paper charged with a mixture of nitrate of barium, peroxide of barium, chlorate of sodium, chlorate of potassium, sulphate of barium, rosin, zinc dust, mealie meal, French chalk and linseed oil, and not containing its own means of ignition: Provided that the amount of composition in any one igniter shall not exceed 340 grains and when ignited the time of burning shall not be less than three and a half minutes (for importation only).

Instantaneous Fuse,
Quick Match.
Tubes for firing Explosives,

DIVISION 3.

Division 3 comprises any ammunition as hereinbefore defined which contains its own means of ignition, and is not included in Division 1.

Cartridges for small arms which are not Safety Cartridges.	Electric Detonators
Detonators,	Friction Tubes
"Electric Boosters" provided on arrival in India the packages are marked "Not to be stored or transported with other explosives."	Nobel's Electric Delay Action Detonators,
	Percussion Primers
	Tubes for firing Explosives

CLASS 7.—FIREWORK.

The term "firework" comprises firework composition and manufactured fireworks.

DIVISION 1.—FIREWORK COMPOSITION.

The term "firework composition" means any chemical compound or mechanically mixed preparation of an explosive or inflammable nature which is used for the purpose for making manufactured fireworks and is not included in the former classes of explosives and also any star and any coloured fire composition subject to the proviso to the definition of manufactured fireworks.

Nil.

DIVISION 2.—MANUFACTURED FIREWORKS.

Manufactured fireworks consisting of any explosive of the classes 1, 2, 3, 4 and 6 and any firework composition when such explosive or composition is enclosed in any case or contrivance or is otherwise manufactured so as to form a squib, cracker, including chinese-crackers, toy-cap or amorce, serpent rocket (other than a war-rocket), maroon, lance, wheel, chinese-fire, roman-candle, or other article, especially adapted for the production of pyrotechnic effects, or pyrotechnic signals or sound signals:

Provided that a substantially constructed and hermetically closed metal case, containing not more than one pound of coloured fire composition of such a nature as not to be liable to spontaneous ignition, shall be deemed to be a "manufactured firework" and not a "firework composition."

Amorces, whether in the form of toy caps or igniting tapes containing not more than 70 grains of explosive composition to every 1,000 dots of such composition.

Aluminium Torches Electric and other Sparklers Magnesium Torches	Provided the composition contains no chlorates,

Distress Signal Rockets A.R.P. Practice Incendiary Bombs Carcass Composition Practice A.R.P. Bombs.	Provided they are not issued for general sale and are manufactured only for a Government Department and are of composition approved by the Chief Inspector of Explosives in India.

Chinese Crackers made from gunpowder or nitrate mixture containing no chlorates.

Lances, provided the composition does not contain at the same time chlorates and sulphur or sulphides or aluminium.

Maroons, made from gunpowder or nitrate mixture containing no chlorates.

Pyrotechnic Matches Rocket, Roman Candles Wonder Candles	Made from gunpowder or nitrate mixture containing no chlorates and prdvided the stars do not contain at the same time chlorate and sulphur, or sulphide or aluminium and stars containing a chlorate are separated from contact with the gunpowder or nitrate mixture.

Serpents, made from gunpowder or nitrate mixture containing no chlorates.

Socket Light Signals.
Socket Distress Signals.
Socket Sound Signals.
Squibs made from gunpowder or nitrate mixture containing no chlorates.
Very Signal Cartridges.
Wheels containing no chlorates.

K. DURAISWAMIER,
6781 *Chief Inspector of Mines and Explosives in Mysore.*

MANDYA DISTRICT.

Notification dated 20th March 1946.

It is hereby notified for the information of the public that Jatra and Cattle show of Sri Narashimaswamy Temple at Maddur, which was stopped owing to the prevalence of Rinderpest and other epidemics, has been arranged to be held from 15th April 1946 till the end of 23rd April 1946, Exhibition of cattle is also arranged. Prizes will be awarded to the deserving Exhibits. Arrangements for water, etc, have also been made.

6922 G. CHANNABASAPPA, *S.D.O.*

KADUR DISTRICT.

Notification dated Chickmagalur, 20th March 1946.

No. C3. 105—45-46. In exercise of the powers vested in me under Rule 81 (2) of the Defence of India Rules as applied to Mysore and other enabling provisions under the Defence of India Rules, I, G. N. Nagaraja Rao, Esq., M.Sc., Deputy Commissioner, Kadur District, Chikmagalur, do hereby order as follows:—

All the horsegram with the merchants and stockists in the district is required for use in this district alone and the stockists are forbidden to export any quantity out of the Kadur District. The stock of horsegram with all the merchants, stockists and dealers is hereby frozen and no such person shall dispose of the same without the previous order of myself. The stockists should give a true declaration of their stocks before 1st April 1946. Stocks of only those that have given declarations will be released for sale.

All the horsegram booked to this district from other districts either on private account or on Government account will only be booked to me or if consigned to merchants, no delivery will be allowed to be taken by the parties unless the railway receipts are countersigned by me.

Infringement of the above conditions are punishable under the Defence of India Rules with fine or with imprisonment which may extend to three years or with both.

6915

Notification dated Chikmagalur, the 20th March 1946.

No. C3. 118—1945-46. In exercise of the powers vested in me under Rule 81 (2) of the Defence of India Rules as applied to Mysore and other enabling provisions under the Defence of India Rules, I, G. N. Nagaraja Rao, Esq., M.Sc., Deputy Commissioner, Kadur District, Chikmagalur, do hereby order as follows.—

The ceiling retail prices of the following commodities are fixed as follows to come into effect immediately.

The prices of turdhal, gramdhal, moong and urddhal will be the rates allowed to exporters (wholesale rates) plus 12½ per cent plus cost of transport from Kadur to place of sale.

The retail price of groundnut will be Rs. 13-8-0 per palla or 7 seers a rupee throughout the district. The wholesale purchasing price will be Rs. 13-0-0 per palla.

Horsegram will be sold at Rs. 26 per palla at Chikmagalur, Kadur and Tarikere and at 3½ seers a rupee in other parts of the district.

Jaggery will be sold at Rs. 6-0-0 per maund of 40 seers in the Taluks of Kadur, Chikmagalur and Tarikere and at Rs. 6-8-0 per maund of 40 seers in other taluks.

Infringement of the above conditions are punishable under the Defence of India Rules with fine or with imprisonment which may extend to three years or with both.

NOTE.—Wholesale prices have already been fixed separately.

6903 G. N. NAGARAJA RAO, *Dy. Commr.*

OFFICE OF THE RATIONING OFFICER, CHIKMAGALUR TOWN.

Notification dated 23rd March 1946.

No. R1 P. R. 261—45-46. It is hereby notified for the information of the public residing within the Municipal limits of Chikmagalur Town, that a thorough check up of the population of the Ration Card holders will be conducted and they are therefore required to give the required information to the Assistant Rationing Officer or Assistant Food Inspector or any other Official authorised by the undersigned and to make readily available the Ration Cards for verification and to allow access to the premises required for checking of stocks of food-grains held by them and to answer truthfully all questions asked by the above officials.

Failure to comply with this order, will entail summary cancellation of Ration Card, besides other penalties imposed by law.

6934 D. J. BALARAJ, *Rationing Officer.*

JUDICIAL DEPARTMENT

HASSAN DISTRICT.

Notification dated 26th March 1946.

No. J2. C. 83—45-46. In accordance with the instructions issued by the Mysore Traffic Board in No. T. 2323-24—45-46, dated 5th March 1946, it is hereby notified for the information of the public that the following Bus Service lines are vacant. Persons who intend running the Bus Services on these lines may submit their application along with the requisite certificate of solvency, so as to reach this office on or before 7th April 1946, in the form given below. Separate applications should be submitted for each line. The service is subject to the rules to be issued from time to time regarding the supply of tyres and petrol to buses. No solvency certificate is required from persons who are already holding permits to run Bus Services in this District.

The grant of the permit will be subject to the approval of the Traffic Board and the successful applicant should be prepared to commence the running of the services within fifteen days from the date of communication of the grant of the permit to him.

Bus Services.

2 Saklespur to Chikmagalur *via.* Belur.

H. NIRANJAN RAJ URS, *Dist. Magist.*

Form of Application for the grant of Stage Carriage Permit.

(To be affixed with 12 annas Court Fee Stamp.)

To

THE DISTRICT MAGISTRATE, HASSAN DISTRICT, HASSAN.

Sir,

I/We the undersigned hereby apply for a permit to ply a Stage Carriage in a vacancy advertised in *Mysore Gazette*, dated ..... in addition to existing services on the..... route. The required particulars are furnished hereunder :—

1 Full name including father's name and address. .....
2 Present profession and age of the applicant. .....
3 Whether a Mysorean by birth or domicile (in the latter case a certificate from a Gazetted Officer of Mysore State Service to be enclosed). .....
The extent to which the applicant is solvent and whether a certificate is enclosed. .....
5 Particulars of experience in Motor Transport Service. .....
6 Particulars of Stage Carriage or contract carriage or Taxi Cab services already running in the name of the applicant. .....
7 Whether an automobile workshop is owned and if so, its location and the value of Machinery possessed. .....
8 Whether the applicant is prepared to run a remunerative Feeder Services if any. .....
9 The number of vehicles that will ply on the route or area applied for and whether they will run on producer gas or petrol. .....
10 The Registration Mark, Tyre seating capacity and maximum laden weight of the vehicle. .....
11 Whether particulars of time-table enclosed. .....

I am /We are at present in possession of vehicles..... available for use under the permit applied for.

I/We hereby declare that the above statements are true.

Station.....

Date.....

7013 *Signature or thumb impression of the Applicant.*

SHIMOGA DISTRICT.

Notification dated 21st March 1946.

No. J1. C. 613—45-46. Under Section 4 of the Cattle Trespass Act, 1871, it is hereby notified for the information of the public, that it has been proposed to establish a new cattle pound at Devaranarasipura in Shimoga Taluk.

Objections, if any, may be preferred before the District Magistrate, within one month from the date of publication of this notification. Objections received after the lapse of the above period cannot be considered.

6989 GEORGE MATTHAN, *Dist. Magist.*

KADUR DISTRICT.

Notification dated Chikmagalur, 26th March 1946.

No. C3. 105—45-46. Whereas it is expedient to maintain supplies essential to the life of the community, I, G. N. Nagaraja Rao, Esq., M.Sc., Deputy Commissioner and District Magistrate, Kadur District, hereby, in exercise of the powers vested in me under Rule 81 of the Defence of India Rules and other enabling provisions, fix the prices of horsegram as follows in Kadur District:—

Maximum wholesale price applicable to all Maidan and Malnad areas of Kadur District where horsegram is grown as routine crop.	Rs. 25 per palla of 100 seers.
Maximum retail price of horsegram for all Maidan areas of Kadur District.	Rs. 26 per palla of 100 seers.
Maximum retail price of horsegram for Taluks of Koppa, Narasimharajapura, Sringeri and Malnad portions of Tarikere and Chikmagalur.	Rs. 28-8-0 per palla of 100 seers.

Wholesale prices will operate whenever the quantity to be sold exceeds 50 seers at a time.

G. N. NAGARAJA RAO,
7008 *Dy. Commr. and Dist. Magist.*

REVENUE DEPARTMENT

TUMKUR DISTRICT.

Notification dated 21st March 1946.

No. A3. C. 1483—45 46. Under Section 13 of the Mysore Irrigation Act I of 1932, I, Mr. Mir Safdar Hussain, B.A., Deputy Commissioner, do hereby notify to the atchkatdars under Mallaghatta and Turuvekere Amanikere Tank, Turuvekere Taluk, that owing to insufficiency of water in these tanks, the lands under these two tanks will be supplied with water intermittently for growing irrigated ragi crop during summer. The water will not be allowed for growing summer paddy.

Any person who contravenes this order will be liable for punishment under Section 46 of the Mysore Irrigation Act I of 1932.

6939 MIR SAFDAR HUSSAIN, *Dy. Commr.*

SHIMOGA DISTRICT.

Notification dated 23rd March 1946.

No. A2. 30 (b) Est 42. Est. 22—45-46. Under Section 3 (1) of the Minor Tank Restoration Act as amended in 1923, it is hereby notified for the information of all those who are concerned that the undermentioned minor tanks will be taken up for restoration by Government at an estimated cost noted
